

Optional Tour

Proboscis Monkey Conservation Tour

Duration: 3 hours

Start time: 7:30am and 3:30pm

Tour Itinerary

Board a boat and head into the unique Brunei mangrove forest reserve to catch the sightings of "the Ducth Man" or wild Proboscis Monkey, famed for their pendulous noses only found only in Borneo.

Aside from the relaxing ride, this tour was designed to increase the public awareness of natural conservation for these animals' habitat in order to protect them and other wildlife from becoming extinct.

What to bring: Sun cream, hat, sunglasses & insect repellent

Tour inclusive: Transportation, boat, mineral water, local nature guide

Note: Life jacket will be provided during boat cruise.
Terms and conditions apply.
